GLOBAL INTERNSHIPS**

Virtual Global Internships for Summer 2021

Earn academic credit while gaining practical internship experience from anywhere in the world!

Open to Berkeley students and visitors.

Berkeley Study Abroad

Berkeley Global Internships offers project-based virtual academic internships in a variety of industries in both domestic and international locations.

WHY DO A VIRTUAL INTERNSHIP?

Accessibility. Gaining international work experience is now possible without even leaving your home. This program option is open to all students, regardless of their ability to apply for and obtain a visa or passport.

Flexibility. It is often difficult for students to fit an internship into their busy summer schedules, while also making progress toward their degrees, juggling part-time jobs, or other responsibilities. This program allows students to create their own schedule and enroll in additional courses, if desired.

Gain valuable skills for today's global workplace.

Develop global competencies and skills such as collaboration, communication, and problem-solving that will prepare students to thrive in a diverse and interconnected world.

Expand your network. This program provides students with the opportunity to expand their global professional network.

As part of the Virtual Global Internship program, all participants will be required to enroll in UGBAC155: Leadership - Purpose, Authority, and Empowerment, a 3-unit online course through UC Berkeley.
